C21M 26 new + 1 reused pilot: two new opposing-stress histories
Norms are absolute values of signed coordinates; initial cancellation does not constrain later cancellation
Initial Pm=+0.0002, Pr=-0.0002
Shear generated from initial S0=0
Cancellation; undefined points remain gaps
Initial Pm=-0.0002, Pr=+0.0002
Shear generated from initial S0=0
Cancellation; undefined points remain gaps
P_m
$P_r = P_\gamma + P_\nu$
$P_{\rm tot}$
Signed stress (10^{-4})
Signed $S = \sqrt{6}\, s/H$ (10^{-5})
$1 - |\pi_{s,m} + \pi_{s,r}|/(|\pi_{s,m}| + |\pi_{s,r}|)$
Redshift z
